Kick-off Meeting PRIMIS,
Venezia, 28th March 2019

Littoral-Inner region (Green Karst)

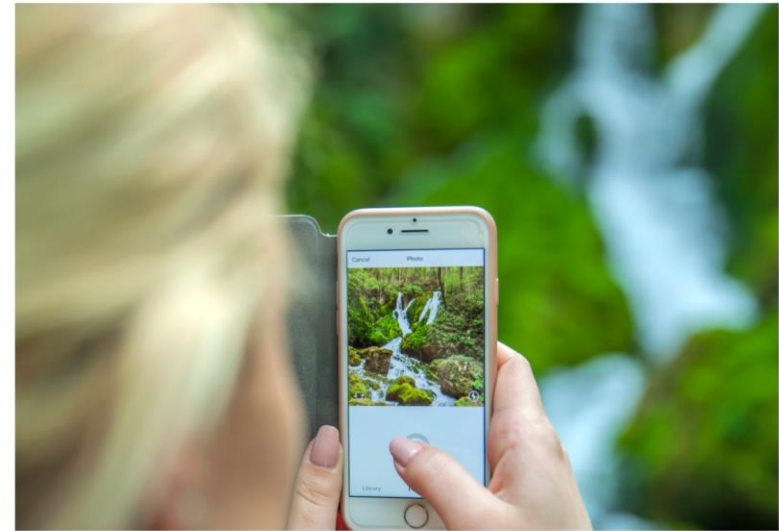

About our region

- 1.456 km² (7,2 % surface of Slovenia)
- 6 municipalities
- Approx. 50.000 inhabitants -
 - the most sparsely inhabited region of Slovenia (35 persons/km²)
- Rural and environmentally well preserved region (73 % of woods, 54 % Natura 2000 area)
- Economically one of the less developed regions (traditional branches, production oriented economy, GDP, added value, investments in R&D, innovation capacity etc.)

Slide Heading

Regional development agency (RDA) Green Karst

About us

- One of 12 RDAs in Slovenia
- Establishment: year 2000
- Number of employees: 13
 - experienced at EU projects,
 - specialized in different areas of interest
- Three departments within the RDA:
 - Destination Management Organization (DMO), specialized in tourism on destination Green Karst,
 - Centre for Innovation and Development (CID), specialized in innovation enhancement and support,
 - LAG Notranjska, specialized in rural development and small project investments

Regional development agency (RDA) Green Karst

What we do

- Development tasks, stated in regional law:
 - Preparation, management, implementation and monitoring of the Regional Development Programme (current RDP 2014-2020)
 - Regional partner in dialogue with the state (ministries, governmental organizations), municipalities and other institutions
 - Coordinator of region's interests at a local and national level
- Development projects (ERDF, ESF, MED, Adrion, Interreg IV, Interreg Italia-Slovenia, Interreg Slovenia-Croatia, Interreg IIIB, Horizon 2020, ...)
- Business support activities (business consulting, business plans, investment plans, financial instruments, educations for entrepreneurs, market researches etc.)

Regional development agency (RDA) Green Karst
