**Subject:** State Aid SA.102522 (2022/N) – Italy (Friuli Venezia Giulia)  
**TCF: Umbrella scheme for the agricultural, forestry and fisheries and aquaculture sectors in compliance with the Temporary Crisis Framework**

Excellency,

## 1. PROCEDURE

- (1) By electronic notification of 5 April 2022, Italy notified aid in the form of limited amounts of aid (“*TCF: Regime quadro per i settori agricolo, forestale e della pesca ed acquacoltura nel rispetto del Quadro temporaneo di crisi*”, the “measure”) under the Temporary Crisis Framework for State aid measures to support the economy following the aggression against Ukraine by Russia (the “Temporary Crisis Framework”).<sup>1</sup>
- (2) Italy exceptionally agrees to waive its rights deriving from Article 342 of the Treaty on the Functioning of the European Union (“TFEU”), in conjunction with Article 3 of Regulation 1/1958<sup>2</sup> and to have this Decision adopted and notified in English.

## **2. DESCRIPTION OF THE MEASURE**

- (3) Italy considers that the Russian aggression against Ukraine, the sanctions imposed by the Union and its international partners and the counter-measures taken by Russia ('the current crisis') so far affects the real economy. The current crisis created significant economic uncertainties, disrupted trade flows and supply chains and led to exceptionally large and unexpected price increases, especially in natural gas and electricity, but also in numerous other input and raw materials and primary goods, including in the agricultural, forestry and fisheries and aquaculture sectors. Granting support to companies due to the economic and financial repercussions of the geopolitical crisis resulting from the military aggression of Russia against Ukraine and mainly the sharp increase in production costs which risks being particularly accentuated in the short-medium term in the agricultural sector and in the agricultural processing, fisheries and aquaculture sectors as a result of the combined impact of cost increases for energy, fertilizers, cereals and vegetable oils. Thus, the measure aims to remedy the liquidity shortage faced by undertakings that are directly or indirectly affected by the serious disturbance of the economy caused by the Russian aggression against Ukraine, the sanctions imposed by the Union or by its international partners, as well as by the economic counter measures taken so far by Russia.
- (4) Italy confirms that the aid under the measure is not conditioned on the relocation of a production activity or of another activity of the beneficiary from another country within the EEA to the territory of the Member State granting the aid. This is irrespective of the number of job losses actually occurred in the initial establishment of the beneficiary in the EEA.
- (5) The compatibility assessment of the measure is based on Article 107(3)(b) TFEU, in light of sections 1 and 2.1 of the Temporary Crisis Framework.

### **2.1. The nature and form of aid**

- (6) The measure provides aid in the form of direct grants and loans.

### **2.2. Legal basis**

- (7) The legal basis for the measure is the Decision of the Regional Government of Friuli Venezia Giulia No 474 of 1 April 2022<sup>3</sup>.

### **2.3. Administration of the measure**

- (8) The autonomous region of Friuli Venezia Giulia is responsible for administering the measure.

### **2.4. Budget and duration of the measure**

- (9) The estimated budget of the measure is EUR 50 000 000 from the general budget of the autonomous region of Friuli Venezia Giulia.

---

<sup>3</sup> *Delibera della Giunta regionale del 1 aprile 2022, n. 474.*

- (10) Aid may be granted under the measure as from the notification of the Commission's decision approving the measure<sup>4</sup> until no later than 31 December 2022.

## **2.5. Beneficiaries**

- (11) The final beneficiaries of the measure are undertakings of all sizes<sup>5</sup> active in the autonomous region of Friuli Venezia Giulia (Italy) in the agricultural, forestry, and fisheries and aquaculture sectors. However, credit institutions or other financial institutions are excluded as eligible final beneficiaries. The estimated number of beneficiaries will be between 501 and 1000.
- (12) Italy confirms that the aid under the measure is not granted to undertakings under sanctions adopted by the Union, including but not limited to: a) persons, entities or bodies specifically named in the legal acts imposing those sanctions; b) undertakings owned or controlled by persons, entities or bodies targeted by sanctions adopted by the Union; or c) undertakings active in industries targeted by sanctions adopted by the Union, insofar as the aid would undermine the objectives of the relevant sanctions.
- (13) Italy confirms that the measures may not in any way be used to undermine the intended effects of sanctions imposed by the Union or its international partners and will be in full compliance with the anti-circumvention rules of the applicable regulations<sup>6</sup>. In particular, natural persons or entities subject to the sanctions will not benefit directly or indirectly from any such measures.

## **2.6. Sectoral and regional scope of the measure**

- (14) The measure is open to the agricultural, forestry, and fisheries and aquaculture sectors. The financial sector is excluded. It applies to the whole territory of the Autonomous Region of Friuli Venezia Giulia (Italy).

## **2.7. Basic elements of the measure**

- (15) The aim of the measure is to grant financial assistance to the undertakings active in the agricultural (including primary production, processing and marketing of agricultural products), forestry, and fisheries and aquaculture sectors affected by the loss of income due to the current crisis, in order to mitigate its consequences. The situation of economic and financial turbulence for companies in the agri-food sector is further aggravated by the impossibility for EU products to continue to circulate to Ukraine and potentially also to Russia and Belarus due to the war situation or the restrictions imposed by the EU on imports of these products from Russia and Belarus<sup>7</sup>. The Italian authorities confirm that the aid will be granted to

<sup>4</sup> As provided in Article 1(2) of the Annex of the national legal basis.

<sup>5</sup> As defined in Annex I to Commission Regulation (EU) No 651/2014 of 17 June 2014 declaring certain categories of aid compatible with the internal market in application of Articles 107 and 108 of the Treaty (OJ L 187, 26.6.2014, p. 1) ("GBER").

<sup>6</sup> For example, Article 12 of Council Regulation (EU) No 833/2014 of 31 July 2014 concerning restrictive measures in view of Russia's actions destabilising the situation in Ukraine (OJ L 229, 31.7.2014, p. 1).

<sup>7</sup> For more information about the consequences of the Russian aggression against Ukraine at the agro-food sector in Italy, the Italian authorities have provide as part of the notification file the rapport of the

undertakings affected by the crisis, both directly and indirectly, with consequences such as the contraction of demand, the interruption of existing contracts and projects, the loss of turnover, difficulties in the supply of raw materials, unavailability or the economic unsustainability of other factors of production<sup>8</sup>.

- (16) The overall nominal value of the direct grants and loans does not exceed EUR 400 000 per undertaking, or EUR 35 000 per undertaking active in the primary production of agricultural products, fishery and aquaculture sectors; all figures are gross, that is, before any deduction of tax or other charges. For aid granted in the form of loans, the nominal value cannot exceed the relevant of the abovementioned ceilings per undertaking.
- (17) The measure provides for the conversion of aid granted under the measure in the form of loans into grants, provided that conversion takes place by 30 June 2023 at the latest and that the conditions of section 2.1 of the Temporary Crisis Framework are complied with.
- (18) The measure provides for the provision of zero interest rate loans, fully supporting the financial cost of the operation of the beneficiary. The terms of the loans, channelled through credit institutions or other financial institutions, are provided in the agreements concluded with these institutions. The agreement establishes the conditions of the loans ensuring that the benefit of the transaction is fully perceived by the undertaking beneficiary and, in fact, prevents the benefit from being transferred to the credit institutions or other financial institutions. The aid in the form of loans, in compliance with the ceilings expressed in nominal value mentioned in recital (16), will be used to support both the liquidity needs relating to business management (operating costs and production cycle) and that of investments/purchases; in consideration of the diversification of needs and the different repayment capacity of the loan by the companies, a maximum duration of 15 years is envisaged.
- (19) Italy confirms that where the beneficiaries are undertakings active in the processing and marketing of agricultural products, the aid is conditional on not being partly or entirely passed on to primary producers and is not fixed on the basis of the price or quantity of products put on the market by the undertakings concerned or purchased from primary producers, unless, in the latter case, the products were either not put on the market or were used for non-food purposes such as distillation, methanization or composting by the undertakings concerned.
- (20) Italy confirms that aid to undertakings active in the primary production of agricultural products is not fixed on the basis of the price or quantity of products put on the market.

- (22) Where an undertaking is active in several sectors to which different maximum aid amounts apply in accordance with points 41 (a) and 42 (a) of the Temporary Crisis Framework, Italy will ensure, by appropriate means such as separation of accounts, that the relevant ceiling is respected for each of those activities and that the overall maximum amount of EUR 400 000 is not exceeded per undertaking. Where an undertaking is active in the sectors covered by point 42 (a) of the Temporary Crisis Framework, the overall maximum amount of EUR 35 000 is not exceeded per undertaking.

## 2.8. Cumulation

- (23) The Italian authorities confirm that aid granted under the measure may be cumulated with aid under the *de minimis* Regulations<sup>10</sup> or the GBER, the “ABER” and the “FIBER”<sup>11</sup> provided the provisions and cumulation rules of those Regulations are respected.
- (24) The Italian authorities confirm that aid under the measure may be cumulated with other forms of Union financing, provided that the maximum aid intensities indicated in the relevant Guidelines or Regulations are respected.
- (25) The Italian authorities confirm that aid under the measure may be cumulated with aid under measures approved by the Commission under the Temporary Framework for State aid measures to support the economy in the current COVID-19 outbreak<sup>12</sup> (“COVID-19 Temporary Framework”) provided the respective cumulation rules are respected.
- (26) The Italian authorities confirm that aid granted under the measure may be cumulated with aid granted under other measures approved by the Commission

under other sections of the Temporary Crisis Framework provided the provisions in those specific sections are respected.

- (27) The Italian authorities confirm that if the beneficiary receives aid on several occasions or in several forms under the measure or aid under other measures approved by the Commission under section 2.1 of the Temporary Crisis Framework, the overall maximum cap per undertaking, as set out in points 41(a) and 42(a) of that framework, will be respected. Aid granted under the measure and other measures approved by the Commission under section 2.1 of the Temporary Crisis Framework which has been reimbursed before 31 December 2022 will not be taken into account in determining whether the relevant ceiling is exceeded.

## **2.9. Monitoring and reporting**

- (28) The Italian authorities confirm that they will respect the monitoring and reporting obligations laid down in section 3 of the Temporary Crisis Framework (including the obligation to publish relevant information on each individual aid above EUR 100 000 granted under the measure and EUR 10 000 in the primary agriculture and in the fisheries sectors on the comprehensive national State aid website or Commission's IT tool within 12 months from the moment of granting<sup>13</sup>).

## **3. ASSESSMENT**

### **3.1. Existence of State aid**

- (29) For a measure to be categorised as aid within the meaning of Article 107(1) TFEU, all the conditions set out in that provision must be fulfilled. First, the measure must be imputable to the State and financed through State resources. Second, it must confer an advantage on its recipients. Third, that advantage must be selective in nature. Fourth, the measure must distort or threaten to distort competition and affect trade between Member States.
- (30) The measure is imputable to the State, since it is administered by the Autonomous Region of Friuli Venezia Giulia (Italy), as shown in recital (8), and it is based on Decision of the Regional Government No 474 of 1 April 2022, as shown in recital (7). It is financed through State resources, since it is financed by public funds, as shown in recital (9).
- (31) The measure confers an advantage on its beneficiaries in the form of direct grants and loans. The measure thus confers an advantage on those beneficiaries which they would not have had under normal market conditions.
- (32) The advantage granted by the measure is selective, since it is awarded only to certain undertakings active in the region concerned, in particular undertakings active in the agricultural, forestry, fisheries and aquaculture sectors, excluding the financial sector, as shown in recital (11).

---

<sup>13</sup> Referring to information required in Annex III to the GBER, Annex III to the ABER and Annex III to the FIBER. For loans, the nominal value of the underlying instrument shall be inserted per beneficiary.

- (33) The measure is liable to distort competition, since it strengthens the competitive position of its beneficiaries. It also affects trade between Member States, since those beneficiaries are active in sectors in which intra-Union trade exists.
- (34) In view of the above, the Commission concludes that the measure constitutes aid within the meaning of Article 107(1) TFEU. The Italian authorities do not contest that conclusion.

### **3.2. Compatibility**

- (35) Since the measure involves aid within the meaning of Article 107(1) TFEU, it is necessary to consider whether that measure is compatible with the internal market.
- (36) Pursuant to Article 107(3)(b) TFEU the Commission may declare compatible with the internal market aid “*to remedy a serious disturbance in the economy of a Member State*”.
- (37) By adopting the Temporary Crisis Framework on 23 March 2022, the Commission acknowledged (in section 1) that the military aggression against Ukraine by Russia, the sanctions imposed by the Union or its international partners and the counter measures taken, for example by Russia have created significant economic uncertainties, disrupted trade flows and supply chains and led to exceptionally large and unexpected price increases, especially in natural gas and electricity, but also in numerous other input and raw materials and primary goods, including in the agri-food sector. Those effects taken together have caused a serious disturbance of the economy in all Member States, including in the economy of Italy. The Commission concluded that State aid is justified and can be declared compatible with the internal market on the basis of Article 107 (3)(b) TFEU for a limited period if it serves to remedy the liquidity shortage faced by undertakings that are directly or indirectly affected by the serious disturbance of the economy caused by the Russian military aggression against Ukraine, the sanctions imposed by the EU or by its international partners, as well as the economic counter measures taken so far, for example by Russia.
- (38) The measure aims at facilitating the access of undertakings to external finance at a time when a wide range of economic sectors are affected, the normal functioning of markets is severely disturbed leading to severe disturbances of the real economy of Member States.
- (39) The measure is one of a series of measures conceived at national level by the Italian authorities to remedy a serious disturbance in their economy. The importance of the measure to compensate for the severe increase in natural gas and electricity prices is widely accepted by economic commentators and the measure is of a scale which can be reasonably anticipated to produce effects across the economy of all Italy and specifically in the region concerned. The sectors covered by the measure have a high relevance on the economy of Friuli Venezia Giulia. As mentioned in recital (3), the economic and financial repercussions of the geopolitical crisis following the military aggression of Russia against Ukraine and mainly the sharp increase in production costs which, although common to all economic sectors, risks being particularly accentuated in the short-medium term in the agricultural sector and in the agricultural processing, fisheries and aquaculture sectors as a result of the combined impact of

cost increases for energy, fertilizers, cereals and vegetable oils. Furthermore, the measure has been designed to meet the requirements of a specific category of aid (“Aid in the form of limited amounts of aid”) described in section 2.1 of the Temporary Crisis Framework and the requirements for aid in the form of loans channelled through credit institutions or other financial institutions described in point 50 (g) of the Temporary Crisis Framework.

(40) The Commission accordingly considers that the measure is necessary, appropriate and proportionate to remedy a serious disturbance in the economy of a Member State and meets all the conditions of the Temporary Crisis Framework. In particular:

- The aid takes the form of direct grants and loans, as shown in recital (6).
- The overall nominal value of the direct grants and loans shall not exceed EUR 35 000 per undertaking active in the primary production of agricultural products, fishery and aquaculture sectors, or EUR 400 000 per undertaking in all other sectors, as shown in recital (16); all figures used must be gross, that is, before any deduction of tax or other charges. The measure therefore complies with points 41(a) and 42(a) of the Temporary Crisis Framework.
- Aid is granted under the measure on the basis of a scheme with an estimated budget as indicated in recital (9). The measure therefore complies with point 41(b) of the Temporary Crisis Framework.
- Aid will be granted under the measure no later than 31 December 2022, as shown in recital (10). The measure therefore complies with point 41(c) of the Temporary Crisis Framework.
- Aid will be granted to undertakings affected by the crisis, as shown in recital (15). The measure therefore complies with point 41 (d) of the Temporary Crisis Framework.
- Aid granted to undertakings active in the processing and marketing of agricultural products is excluded when the aid is conditional on being partly or entirely passed on to primary producers, fixed on the basis of the price or quantity of products put on the market by the undertakings concerned or purchased from primary producers, unless, in the latter case, the products were either not put on the market or were used for non-food purposes such as distillation, methanization or composting by the undertakings concerned, as shown in recital (19). The measure therefore complies with point 41(e) of the Temporary Crisis Framework.
- The measure provides for the conversion of aid granted under the measure in the form of loans into grants, provided that conversion takes place by 30 June 2023 at the latest and that the conditions of section 2.1 will be complied (recital 17). The measure therefore complies with point 44 of the Temporary Crisis Framework.
- The measure introduces safeguards in relation to the possible indirect aid in favour of the credit institutions or other financial institutions to limit

undue distortions to competition. The measure provides for the provision of zero interest rate loans, fully supporting the financial cost of the operation of the beneficiaries. The terms of the loans, channelled through credit institutions or other financial institutions, are provided in the agreements concluded with these institutions. The agreement establishes the conditions of the loans ensuring that the benefit of the transaction is fully perceived by the undertaking beneficiary and, in fact, prevents the benefit from being transferred to the credit institutions or other financial institutions. The safeguards thus ensure that those institutions, to the largest extent possible, pass on the advantages of the measure to the final beneficiaries (recital 18). The measure therefore complies with point 50 (g) of the Temporary Crisis Framework.

- Aid granted to undertakings active in the primary production of agricultural products must not be fixed on the basis of the price or quantity of products put on the market (recital 20). The measure therefore complies with point 42(b) of the Temporary Crisis Framework.
- Aid granted to undertakings active in the fishery and aquaculture sector does not concern any of the categories of aid referred to in Article 1(1), points (a) to (k), of Commission Regulation (EU) No 717/2014 (recital 21). The measure therefore complies with point 42 (c) of the Temporary Crisis Framework.
- Where an undertaking is active in several sectors to which different maximum aid amounts apply in accordance with points 41 (a) and 42 (a) of the Temporary Crisis Framework, Italy will ensure, by appropriate means such as separation of accounts, that the relevant ceiling is respected for each of those activities and that the overall maximum amount of EUR 400 000 is not exceeded per undertaking. Where an undertaking is active in the sectors covered by point 42 (a) of the Temporary Framework, the overall maximum amount of EUR 35 000 is not exceeded per undertaking (recital 22). The measure therefore complies with point 43 of the Temporary Crisis Framework.

- (41) The Italian authorities confirm that, pursuant to point 32 of the Temporary Crisis Framework, the aid under the measure is not conditioned on the relocation of a production activity or of another activity of the beneficiary from another country within the EEA to the territory of the Member State granting the aid. This is irrespective of the number of job losses actually occurred in the initial establishment of the beneficiary in the EEA (recital 4).
- (42) The Italian authorities confirm that, pursuant to point 33 of the Temporary Crisis Framework, the aid under the measure will not be granted to undertakings under sanctions adopted by the Union, including but not limited to: a) persons, entities or bodies specifically named in the legal acts imposing those sanctions; b) undertakings owned or controlled by persons, entities or bodies targeted by sanctions adopted by the Union; or c) undertakings active in industries targeted by sanctions adopted by the Union, insofar as the aid would undermine the objectives of the relevant sanctions (recital 12).

- (43) The Italian authorities confirm that the monitoring and reporting rules laid down in section 3 of the Temporary Crisis Framework will be respected (recital 28). The Italian authorities further confirm that the aid under the measure may only be cumulated with other aid, provided the specific provisions in the sections of the Temporary Crisis Framework, the COVID-19 Temporary Framework and the cumulation rules of the relevant Regulations are respected (recitals 23 to 26).
- (44) The Commission therefore considers that the measure is necessary, appropriate and proportionate to remedy a serious disturbance in the economy of a Member State pursuant to Article 107(3)(b) TFEU since it meets all the relevant conditions of the Temporary Crisis Framework.

#### **4. CONCLUSION**

The Commission has accordingly decided not to raise objections to the aid on the grounds that it is compatible with the internal market pursuant to Article 107(3)(b) of the Treaty on the Functioning of the European Union.

The decision is based on non-confidential information and is therefore published in full on the Internet site: <http://ec.europa.eu/competition/elojade/isef/index.cfm>.

Yours faithfully,

For the Commission
